The Iron Duke

George Arliss (left) in "The Iron Duke," his first Biograph picture, has given the screen a vivid portrayal of the Duke of Wellington.

Wheat King

John B. Albery, seven winner of the world's wheat championship at the Chicago International Grain Show, is just twenty years old. Born in Calgary but now in the Wheat Belt of the Peace River country. He will be the eighth to be won by Alberta in the last eleven years.

Perpetual Prodigy

Ernest MacMillan (top left) was a concert organist when he was so small that he had to be lifted on to the organ. Born in Montreal, you would imagine, fifty-two years ago. At thirteen he had the Diploma of Honour of the Royal College of Organists. At seventeen he was a Fellow of the Music Brotherhood in Oxford. He came to Canada when four weeks out in 1914 and spent four years in prison camp. During that time he gained the Degree of Bachelor of Music at Oxford University. Today he is principal of the Toronto Conservatory, conductor of the Toronto Symphony, and one of the most ardent musicians in the continent.

Enthralled Critics

New York dramatic critics have varied opinions over the brilliance of Florence McGehee's performance in "The Goddess of Doom." Her life is that of a positively Swedish young girl with a malevolent magic. However it is good that the half-year has like pulling up in Gail's and leaving down in her. She is in Toronto, South Africa, her mother in Toronto in the age of these months. Played just as high school version of "Treason Island," in Toronto. Another Magazine Editor (Dennis School, New York, 1930) has been important part in "Girls in Uniform."

1935 American General Motors Corp. is proud to show this car, a great value in today's market. It is a real car, not a toy, and it is a real car, not a toy, and it is a real car, not a toy.

Now GENERAL MOTORS offers you the Solid Steel "TURRET TOP"

Body by Fisher

SEE it on the 1935 Pontiac, Oldsmobile and Master Chevrolets and you'll want it for its beauty, because it puts a fresh slant into the sweep and contour of the closed car roof. And just as important, it puts over your head a roof of seamless-drawn steel, braced with steel, like the battleship gun-turret from which it takes its name.

It was far from a simple job to perfect this difficult construction...which explains why it was left to General Motors to build the first successful solid-steel model automobiles.

Careful laboratory and proving ground tests have established the many advantages of this new type of automobile body. The car interior is cooler and more comfortable in summer, for example, because steel is more dissipative heat quickly and efficiently.

When you examine the new "Turret Top" Body by Fisher, we are sure you will feel that it meets all your desires. And you'll feel, too, that it is an exclusive General Motors achievement.

General Motors Presents the
PONTIAC SIX

newcomer to the Low Price Field

There will be a surprise in store for you at all Pontiac dealers! It's the Pontiac Six for 1935... General Motors' new contribution to the low price field.

In this car you will see seamless steelwork integrated in Cadillac automobile used it, according to General Motors Customer Research survey. You will learn the advantages of the solid steel, "Turret Top" Body by Fisher. You will discover many extra features which make Pontiac a typical General Motors value. For example... Rhythmic Rides... Controlled Turn and Luggage Compartment... Fisher Buick Venti-Kabre... Re-

vised Knee-Action (on the Eight and Deluxe Six models)... Silent Synchro-Mesh Transmission and the Cross-Flow Radiator. Look carefully into this great car that widens your choice in the low price field. All the characteristics which have won for Pontiac its high percentage of owner satisfaction are retained. In fact, nothing has been sacrificed. Nothing could be. For, on the model depends Pontiac's reputation for long, economical, and expensive free service.

In addition to the Six, there is, of course, a Straight Eight... a bigger, better, more capable automobile at lower medium price.

PRESENTS

TWO GREAT WORKS OF ART

IN AERO-DYNAMIC DESIGN

It's De Soto that "Sets the Style" in Europe as well as in Canada.

New Streamlined Cars at Popular Prices

WHO KNOWS what how De Soto styled the modern car?—by measuring a streamer's airflow inside? The car that won the Grand Prix styled at Brooklands—inspired the New York's Six-Doorstreamer winner, averaging 21.8 miles per gallon—and also earned 50 S.A.A. "Aerodynamic" speed records.

This year... De Soto opens sales, never before, at one month—before!

DE SOTO presents the new American model. A new car created by the same engineers who built the Airflow. It has a beautifully streamlined silhouette.

Under the hood is a new four-cylinder engine of 51 horsepower—with a running speed of 55 miles an hour—yet no moving air, gas and oil resistance.

There's never had such a wide! (Auto-coupler) which suspensions gives the front springs a much greater action—flexibility—of weight less resistance than "rideable" suspension. And its steering new type of "steering" which makes the car go in a straight line before possible. The new Airflow Body at this American De Soto is the most beautiful of the modern than the average car. There's no "V" motion, direct to go in a straight line and more comfortable suspension. Front and rear doors open from the outside, a feature never used before by anyone of last year's Airflow.

Best! In the American De Soto you

BOTH CARS OFFER THESE FEATURES!

Impervious performance... Airflow De Soto, 1935 horsepower—Automatic De Soto, 54 H.P. Assuring yourself a maximum of economy in gas and oil, De Soto's "Superior" fuel system and "Refractotherm" of "Walden"—gives a revolutionary improvement in riding comfort.

Impervious Performance... always reliable, always dependable. Car will handle bumps and bumps like a ball under "Super" suspension.

Alford Roadster... the car is a car. De Soto—your car is the type of body car—new motion from such body actually new car.

Powerful Power Engine... a car built to last.

Magic in His Fingers

Inventive fingers and rapid hands make magic with T. Ray General (right) of Buffalo, Ontario, famous as a man of many talents. He spins tales and makes them come true. Only with his fingers, pencil and pen of paper and a few lines. His fingers make the trick and you make it up in your imagination. Nick at age 16, General is now a successful actor. After the war he was hired by the Belgian Government to open up the country to tourists. Europe kept him busy night after night. Here was a man who could do it all. "All it is a combination of applied to a subtle mechanism." A job sometimes takes a week but he usually gets it done. Tramping with the Famous Players Players, he's been the head. Photo by J. T. Down by the sea, in Malibu, California, they've discovered a new method of handling the fish market. Three brothers—Fred, Bob and Carl Gentry, (left) up with a new idea: put up with the fish, but use the idea of making an artificial stock from which would sell more easily when the price was right.

Instead of disposing of each fish as it was caught, they rigged a system of nets and pumps that dumped their catch into the water, so as to create a large, fresh, and healthy stock. Photos at right show a new fish market up town. The fish are sold from there in an hundred pounds each. Photo by Francis A. Brady, Malibu.

"The Glorious Privilege of Being Independent"

It is many years since James wrote these lines but INDEPENDENCE means as much, and even more, to men and women today as it did then, particularly

FINANCIAL INDEPENDENCE

100,000 Canadians are using Mutual Life of Canada plans to help them become independent in the years that lie ahead and every month hundreds of new names are being added to our list of policyholders. Over 1,000,000 has been paid by the Mutual Life of Canada during 1934 under policy and maturity contracts.

The Mutual Life has a sound, practical, methodical plan which will help YOU to become independent financially. To those of you now we shall be pleased to send without obligation a set of five booklets containing estimated illustrations from the writings of Bruce together with information regarding The Mutual Life of Canada and our INDEPENDENCE plan. Mail the coupon to the nearest branch or the Head Office.

You heard me? I want another year like it

"Boy" shows his for a clean greeny?

Snapshot cameras now work *Nights*

WHY NOT MAKE THIS PICTURE TONIGHT?

Use Kodak "SS" Film. Set your camera for 1/25 second—Open the lens to *f*.6.3. Put 1 Mazda Photoflash bulb in lamp A—2 in lamp B. Distances as indicated. Sight the subject, click the shutter—and you've made the picture.

Snapshots indoors—AT NIGHT

so easy to make with Kodak "SS" Film

HOW MANY wonderful pictures you've missed because it was dark outside. Now you can get the many things that make evenings so enjoyable—you can take snapshots indoors, at NIGHT!

Just use any camera with an *f*.6.3 (or faster) lens, loaded with Kodak Super Sensitive Panchromatic Film. This high-speed "SS" Film does the trick—it's six times as fast as ordinary film under artificial light.

Two or three Mazda Photoflash bulbs

give ample light... cost but 25¢ each... last for many pictures.

Hold the camera in your hands as you would outdoors, set it for 1/25 second, open the lens to *f*.6.3. Sight the subject, click the shutter. You've made a snapshot. Indoors... at night.

If you own a box camera...or an inexpensive folding one—you can still make pictures at night. Use "SS" or Verichrome Film with Photoflash bulb. See free folder... *Only Eastman makes the Kodak.*

FREE FOLDER

Complete instructions on indoor night photography. Photoflash snapshots... Photoflash pictures... all are covered in this free folder. At your Kodak dealer's—or write for your copy. Canadian Kodak Co., Limited, Toronto.

KODAK "SS"—the lightning-fast film, with the green lightning flashes on the familiar yellow box—the film that, indoors or out, in any light, improves picture quality.

KODAK SIX-16 with Kodak Anastigmat lens *f*.6.3 is ideal for night snapshots. For pictures 2½ x 4¼ inches, price \$20. Kodak Six-20, with *f*.6.3 lens, for pictures 2¼ x 3¼ in., \$17.50.
